## **5.2 Access routes**

### **MAXIMUM HEIGHT**

- in the Aula - 290 cm
- on the Mirror Corridor – 270 cm on the mirror side, 240 cm on the Patria hall side

### **MAXIMUM LOADING CAPACITY**

On the corridors it is 500 kg/sqm.

### **LOADING**

Main loading is available through the Aula entrance. Entrance size is 270 cm x 280 cm.

On special occasions the BCC Main Entrance can also be used as a loading area, however, please note that there are stairs in front of it. Through Aula there are no level differences or stairs to Aula and Mirror Corridor area. Fork lifts, trolleys, cherry pickers and other means of transportation or personnel are not available on site. Inside the building only electric forklift is allowed to use and only with the permission of the venue and can be operated by staff with proper permission.

For carrying items with hand trolleys only that kind of rolleys can be used which do not harm the floor. Due to the lack of space at the same time only one car/truck can stop directly at the loading door. Therefore the uploading/dismantling has to be done in the possible shortest time then the loading possibility has to be made free for other exhibitors as well.

### **ON-SITE CONTROL**

During loading in and out there is no special control by the Novotel BCC security guard, however, it is advisable to wear badges during the events. Controlling and registering the exhibitors is made by the event organisers.

### **STORAGE**

There is no proper storing possibility in BCC. Only smaller boxes and items can be stored, however, they are limited in quantity and size (door size 200 cm x 80 cm). Usage and allocation of chambers as storage is under the control of the Organisers.

## **5.3 Parking of the trucks and cars for uploading and dismantling**

Please note that any trucks or cars are allowed to park right at the loading entrance or right in front of the BCC only for the duration of move-in/move-out of the shipment at uploading and dismantling but not for the whole time of the build-up and tear-down.

During this time the entry permit of the Budapest Congress Center has to be placed onto the dashboard vehicle to a visible place. The entry permit has to be required right after arrival at the loading entrance (Aula or Main Entrance) from the security guard of BCC.

After the move-in/move-out of the shipment is finished, the loading area has to be left and the entry permit has to be returned to the security guard.

To enter the 12th district – where the venue is located - by heavy trucks (over 12 tons) needs special permission from the district authorities. Please see the following site: <http://tobi.bkk.hu/?lang=en> where you can register and manage the permission on-line. The User's Manual of BKK can be of your help: [http://tobi.bkk.hu/downloads/felhasznaloi\\_kezikonyv\\_en.pdf](http://tobi.bkk.hu/downloads/felhasznaloi_kezikonyv_en.pdf)

Please note that parking area in front of the Budapest Congress Center does not belong to the BCC. It is not covered, not guarded. Parking fee is applied.
